About Iproad

Iproad Co., Ltd founded in April 28, 2008, which started with simple but timeless truth which is "Everything comes from customers". Under its short history, the company has grown into one of a leading company at Korea.

IP Road Co., Ltd. will work hard to make a world where all people are happy by admiring the virtue of "Songdeok Mining" as the basic philosophy of the company and expanding work.

We will actively participate in the spread of communication infrastructure (IoT business) to the 4th industry, collect data in the field, and put all our efforts into transmission and security so that the data can be used in all industries.

In order to always win-win with the customer-first basic attitude, we plan to continue development and investment to establish internal processes and upgrade products.

I would like to express my gratitude to all those who helped and cooperated with IP Road Co., Ltd.
